1. SUBJECT: SHERIFF'S DEPARTMENT REQUEST TO ISSUE A COMPETITIVE SOLICITATION FOR MEDICAL AND MENTAL HEALTH CARE SERVICES (DISTRICTS: ALL)

OVERVIEW
The Sheriff's Department operates seven separate jail facilities across San Diego County. To adequately care for this inmate population, a comprehensive system of medical and mental health care services is paramount to ensure the safety, health, and well-being of the inmate population. Special housing units operate across the system for inmates with medical and mental health needs, and populations with these needs continue to grow.

The Sheriff's Department seeks to meet our current demands and future needs for medical and mental health care by analyzing the possibility of contracting with an experienced provider who offers integrated medical and mental health services. Any such provider would be expected to work collaboratively with Sheriff's management to provide high quality services, comprehensive care, and meet all requirements set forth by State regulations as well as the accreditation standards of the National Commission on Correctional Health Care.

Today’s action requests authority to determine whether there are interested and qualified medical and mental health service providers by issuing a request for interest (RFI). Through the RFI, the Sheriff will also gather information on potential providers and gain insight into how those providers may provide the medical and mental health services in a way that provides high quality coordinated care. If the Sheriff determines that contracting out for these services could result in the provision of high quality medical and mental health services while meeting all State regulations and accreditation standards, the Sheriff is further seeking authority to allow the Director of the Department of Purchasing and Contracting to issue that competitive solicitation, and upon successful negotiations and determination of a fair and reasonable price, award a contract to the successful proposer. Throughout this process, the Sheriff will engage with labor as required by the Myers-Milies-Brown Act.

RECOMMENDATION(S)
SHERIFF
1. Authorize the Sheriff to issue a Request for Interest to individuals and entities who would be interested in responding to a competitive solicitation that seeks a contractor to operate and manage a comprehensive system of medical and mental health care services for the Sheriff-operated County jail system to ensure the safety, health, and well-being of the inmate population, and who would work collaboratively with Sheriff's management and meet all requirements set forth by State of California regulations as well as the accreditation standards of the National Commission on Correctional Health Care.

2. In accordance with Section 401, Article XXIII of the County Administrative Code and subject to a determination by the Sheriff based upon the results of the previously issued Request for Interest that contracting out jail medical and mental health services would result in the provision of high-quality services, comprehensive care while meeting all State regulations and accreditation standards, authorize the Director, Department of Purchasing and Contracting to issue a Competitive Solicitation for medical and mental health services, and upon successful negotiations and determination of a fair and reasonable price, award a contract for five years and five option years and an additional six months if needed, and to authorize the Sheriff to amend the contract as needed to reflect changes to services and funding.
FISCAL IMPACT
There is no fiscal impact associated with this request. After evaluating the proposals submitted to the Request for Proposal (RFP), the Sheriff's Department will return to the Board of Supervisors, if needed, with any required recommendation for additional appropriations prior to contract award.

2. SUBJECT: RECEIVE UPDATE ON THE COVID-19 RESPONSE, RATIFY ACTIONS, RECEIVE UPDATE ON THE COSTS ASSOCIATED WITH ENGAGING A THIRD-PARTY STATISTICIAN, AND AUTHORIZE ANY OTHER ACTION NECESSARY TO ADDRESS THE COVID-19 PANDEMIC (DISTRICTS: ALL)

OVERVIEW
A novel coronavirus (COVID-19) was detected in Wuhan City, Hubei Province in China in December 2019. Since then, the virus has rapidly spread across the globe, resulting in the World Health Organization (WHO) declaring COVID-19 a pandemic on March 11, 2020.

On February 14, 2020, the San Diego County Public Health Officer issued a Declaration of Local Health Emergency, pursuant to California Health and Safety Code Section 101080. Additionally, on that day, pursuant to California Government Code 8630, the Chief Administrative Officer, serving as the County of San Diego (County) Director of Emergency Services and as the Coordinator of the Unified San Diego County Emergency Services Organization, issued a Proclamation of Local Emergency regarding COVID-19.

The County continues to make significant efforts to slow the spread of COVID-19. Today’s action requests the Board of Supervisors (Board) receive an update on the local COVID-19 response and to receive an update on the costs associated with engaging a third-party statistician to aggregate COVID-19 data to come up with a high-level analysis. It is also recommended that the Board take any other action necessary to address the COVID-19 pandemic emergency response. Today’s proposed actions support the County’s Live Well San Diego vision by protecting the health of residents against the COVID-19 pandemic.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER

2. Ratify all actions taken by the Chief Administrative Officer, Public Health Officer, Director, Department of Purchasing and Contracting and Director, Department of General Services in response to the local health emergency and local emergency.

3. Receive update on the costs associated with engaging a third-party statistician to aggregate COVID-19 data to come up with a high-level analysis.

4. Take any other action necessary to address the COVID-19 pandemic emergency response.
FISCAL IMPACT
Fiscal Year 2019-20 costs of response efforts associated with the COVID-19 emergency response including public health and medical services, testing, surveillance, temporary housing assistance, sanitation, food distribution services, allocations to the 17 cities that did not receive direct CARES Act funds, child care vouchers, and other related costs are estimated to be approximately $129 million. The funding source is a combination of federal and State stimulus revenue, including CARES Act funding, FEMA and program revenues, and General Fund fund balance. Costs and revenues for Fiscal Year 2020-21 are reflected in the Fiscal Year 2020-21 CAO Recommended Operational Plan.

BUSINESS IMPACT STATEMENT
This action will help support individuals, families and small businesses impacted by COVID-19.

3. SUBJECT: APPROVE PROPOSAL FOR THE ALLOCATION OF $48.8 MILLION IN CARES ACT FUNDING, ESTABLISH APPROPRIATIONS TO SUPPORT PROPOSAL ALLOCATIONS, AND RECEIVE UPDATE ON THE FEASIBILITY OF FUNDING FOR TESTING AT THE UNITED STATES/MEXICO BORDER (DISTRICTS: ALL)

OVERVIEW
The County of San Diego has been allocated a total of $387.8 million in CARES Act, Coronavirus Relief Funds (CRF) for local use in addressing the COVID-19 emergency. The $387.8 million is a combination of $334.1 million in CRF funding allocated directly from the U.S. Treasury, and an additional $53.7 million issued through the State as part of the State’s recently enacted budget for Fiscal Year 2020-2021. To date, the San Diego County Board of Supervisors (Board) has allocated the use of $339 million in CARES Act funding to cover costs for: emergency response efforts; the Test, Trace and Treat (T3) strategy; child care vouchers; funding to cities other than the City of San Diego for documented COVID-19 expenses; an economic stimulus program for small businesses; expansion of child welfare services outreach; and investment towards Behavioral Health Services telehealth capabilities. On July 7, 2020 (4), the Board directed the Chief Administrative Officer (CAO) to determine the allocation of the County’s remaining $48.8 million of the CARES Act funds, including consideration of the Board’s suggestions for allocations to childcare providers, food services that include programs that engage restaurants, and public health testing, tracing, and treatment strategies for K-12 schools in San Diego County.

If approved, today’s actions would approve the proposal for the allocation of $48.8 million in the CARES Act funding for the above-mentioned programs, and establish $25.0 million of appropriations for childcare providers, and $18.8 million of appropriations for food services. In addition, today’s action recommends the allocation of $5.0 million of CARES Act funding for T3 strategies for K-12 schools, and staff will return to the Board as needed to establish appropriations for those efforts.

Additionally, today’s action is to receive an update on the feasibility of funding for testing at the United States/Mexico border.

Today’s actions support the County’s Live Well San Diego vision by strengthening the local food system, helping vulnerable populations, and supporting local businesses that are providing essential services that increase the well-being of residents during the COVID-19 pandemic.

(4 VOTES)

9. Authorize the Chief Administrative Officer or designee to negotiate, and upon successful negotiations, execute an agreement with The San Diego Foundation, the YMCA of San Diego County, and/or Child Development Associates, Inc. to implement the childcare grant program.

FISCAL IMPACT

Funds for this request are not included in the Fiscal Year 2020-21 preliminary operating budget. If approved, these requests will result in costs and revenues of $43,800,000 to fund programs supporting child care providers and food services, and will be included in the Fiscal Year 2020-21 Amended Operational Plan as follows: $25,000,000 in Self-Sufficiency Services, and $15,300,000 in Aging & Independence Services for the Health and Human Services Agency; $3,500,000 in Finance Other County General Expense. BUSINESS IMPACT STATEMENT
This action will help support individuals, families and small businesses impacted by COVID-19.

4. SUBJECT: AUTHORIZATION TO ACCEPT THE CARES ACT SUPPLEMENTAL COMMUNITY SERVICES BLOCK GRANT REVENUE AGREEMENT (DISTRICTS: ALL)

OVERVIEW
As the region’s designated Community Action Agency, the County of San Diego (County) is eligible to receive a supplemental allocation of federal Community Services Block Grant (CSBG) revenue through the Coronavirus Aid, Relief, and Economic Security (CARES) Act. CSBG funds local programs that increase economic security for individuals and families and supports civic engagement in low-income communities across all of San Diego County. The supplemental CSBG funding is available to California Community Action Agencies through a revenue agreement with the California Department of Community Services and Development (CSD) in support of services carried out through the two-year Community Action Plan (Plan). On June 25, 2019 (05), the San Diego County Board of Supervisors (Board) approved the two-year Plan with CSD for calendar years 2020 and 2021 and authorized the Clerk of the Board to execute the CSBG revenue agreements and any amendments associated with the Plan, including expansion of services should additional funding become available for those same years.

If approved, today’s actions would authorize the Clerk of the Board to execute, upon receipt, the CARES Act Supplemental Community Services Block Grant Revenue Agreement and any subsequent amendments or funding changes. Today’s actions support the County’s Live Well San Diego vision by continuing and enhancing access to services, promoting health and well-being in children, adults and families and encouraging self-sufficiency, which promotes a healthy, safe and thriving region.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
Approve and authorize the Clerk of the Board to execute and accept the CARES Act Supplemental Community Services Block Grant funds and any subsequent amendments or funding changes in an amount of approximately $4,600,000 from the California Department of Community Services and Development from March 27, 2020 through May 31, 2022.

FISCAL IMPACT
Funds for this request are included in the Fiscal Year 2020-22 CAO Recommended Operational Plan in the Health and Human Services Agency. If approved, this request will result in costs and revenue of approximately $3,200,000 in Fiscal Year 2020-21 and costs and revenue of approximately $1,400,000 in Fiscal Year 2021-22. The funding source will be Community Services Block Grant from the California Department of Community Services and Development. There will be no change in net General Fund cost and no additional staff years.

BUSINESS IMPACT STATEMENT
This action will help support individuals, families and small businesses impacted by COVID-19.
OVERVIEW
In 2018, the San Diego County Board of Supervisors initiated several actions to enhance, expand, and innovate behavioral health programs and services in the region. This body of work is broadly referred to as the Behavioral Health Continuum of Care (Continuum of Care).

Though the COVID-19 pandemic has resulted in shifts to Continuum of Care efforts, the County of San Diego (County) Health and Human Services Agency, Behavioral Health Services remains committed to maintaining continuity and expansion of critical services to the most vulnerable individuals and families by focusing on programs that yield high-impact results designed to divert individuals from high-acuity services and connect them to ongoing care.

An immediate priority continues to be the expansion of crisis stabilization services in both hospital- and community-based settings. Hospital-based crisis stabilization units (CSUs) provide emergency psychiatric services adjacent to a hospital’s emergency or urgent care unit to individuals experiencing a psychiatric crisis to stabilize and connect them to ongoing services that meet their individual needs, while community-based CSUs provide emergency psychiatric services within a community-based setting.

The County currently funds three operational CSUs as follows:
- The San Diego County Psychiatric Hospital Emergency Psychiatric Unit, a CSU for adults within the City of San Diego;
- The Emergency Screening Unit, a community-based CSU for children and youth operated by contracted provider New Alternatives in the Hillcrest neighborhood within the City of San Diego; and
- A hospital-based CSU for adults operated by contracted provider Palomar Health and located on the Palomar Hospital campus in Escondido.

In addition, two community-based CSUs are also planned to be operational through contracted service providers within the cities of Vista and Oceanside in Fiscal Year 2020-21 and 2021-22, respectively, to ensure adequate service availability in the North Region of San Diego County. Though CSUs serve individuals countywide, Continuum of Care efforts aim to establish regionally distributed services that are near an individual’s social and familial supports.

Today’s recommendation requests authority to establish a single source contract for a new CSU with up to 12 recliners at Paradise Valley Hospital in National City to enhance the delivery of behavioral health services in the South Region.

Expansion of this critical service supports increased access for individuals who are experiencing psychiatric crises in the South Region of San Diego County. This is in alignment with the County’s Live Well San Diego vision for a region where all residents have the opportunity to build better health, live safely, and thrive.
RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
In accordance with Board Policy A-87, Competitive Procurement, approve and authorize the Director, Department of Purchasing and Contracting, to enter into negotiations with Prime Healthcare, and subject to successful negotiations and determination of a fair and reasonable price, enter into a single source contract for crisis stabilization services at Paradise Valley Hospital for an initial term of up to one year, with up to six (6) 1-year options, and up to an additional six months, if needed, and to amend the contract to reflect changes in program, funding or service requirements, subject to the availability of funds and the approval of the Agency Director, Health and Human Services Agency.

FISCAL IMPACT
Funds for this request are not included in the Fiscal Year 2020-21 preliminary operating budget in the Health and Human Services Agency (HHSA). If approved, this request will result in estimated costs and revenues of up to $5,900,000 in Fiscal Year 2020-21 that will be referred to budget deliberations in order to establish appropriation in the Behavioral Health Services Department, HHSA. Annualized ongoing costs beginning in FY 2021-22 are estimated at $7,900,000 and will be anticipated as part of the Fiscal Year 2021-22 Recommended Operational Plan as needed. It is anticipated that upon full implementation of these services, federal revenue will be optimized and efficiencies in other service delivery areas, including reductions in inpatient and psychiatric care, will be realized. The funding sources in year one will be Short-Doyle Medi-Cal and one-time State General Fund dollars allocated to help backfill Health and Human Services Realignment revenue. Beginning in Fiscal Year 2021-22, the ongoing revenue streams used will be Short-Doyle Medi-Cal, Mental Health Services Act, and Realignment funding. There will be no change in net General Fund cost and no additional staff years.

6. SUBJECT: APPROVE INTERGOVERNMENTAL TRANSFER AGREEMENT WITH CALIFORNIA DEPARTMENT OF HEALTH CARE SERVICES (DISTRICTS: ALL)

OVERVIEW
In order to help increase State payments to Medi-Cal Managed Care Plans, California counties participating in Medi-Cal Managed Care can enter into Intergovernmental Transfer (IGT) agreements and Assessment Fee Agreements with the California Department of Health Care Services (DHCS). The IGT consists of the transfer of eligible local funding to DHCS, which the State then uses to increase the rates it pays the participating Medi-Cal Managed Care Plans, within an actuarially sound range. The amount the County of San Diego (County) transfers for the IGT draws down approximately a 2 to 1 match in federal dollars, depending on the final distribution of eligible Medi-Cal members served by the Health Plan for the service period. Once the Plans receive the IGT-funded rate increases from DHCS, they pay those funds to the County to support health care related services. The Board of Supervisors has authorized participation in this program and approved IGT agreements with DHCS for several years with the most recent authorization given on November 13, 2018 (14).
Today’s actions will authorize the Agency Director, Health and Human Services Agency (HHSA), or designee to pursue and execute Intergovernmental Transfer (IGT) and Assessment Fee Agreements between HHSA and the DHCS for the Medi-Cal Only population for the next available IGT service period. Today’s actions will also authorize the Agency Director, HHSA, or designee to amend or execute new agreements as necessary with seven Medi-Cal Managed Care Health Plans; Molina Healthcare of California, Community Health Group, Blue Shield of California Promise Health Plan, Health Net of California, Kaiser Foundation Health Plan, Inc., Aetna Better Health of California, and United Health Care to enable HHSA to draw down approximately $33.5 million in new funding to recover enhanced reimbursement for Medi-Cal services provided (and/or financed) by the County to Health Plan members for the eighteen-month IGT period covering July 1, 2019 to December 31, 2020. This item supports the County’s Live Well San Diego vision by providing resources for community partners to help clients build better health.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

1. Authorize the Agency Director, Health and Human Services Agency, or designee, to pursue an Intergovernmental Transfer (IGT) agreement with the California Department of Health Care Services.

2. Authorize the Agency Director, Health and Human Services Agency, or designee, upon receipt, to execute the Intergovernmental Agreement Regarding Transfer of Public Funds with the California Department of Health Care Services for the transfer of approximately $19.3 million for the period of July 1, 2019 through December 31, 2020 in local funds from the Health and Human Services Agency to the California Department of Health Care Services.

3. Authorize the Agency Director, Health and Human Services Agency, or designee to execute an IGT Assessment Fee Agreement with the California Department of Health Care Services for the transfer of approximately $3.9 million for the period of July 1, 2019 through December 31, 2020 from the Health and Human Services Agency to the California Department of Health Care Services, and related documents.

4. Authorize the Agency Director, Health and Human Services Agency, or designee, to amend the Healthy San Diego agreements or execute new agreements as necessary with Molina Healthcare of California, Community Health Group, Blue Shield of California Promise Health Plan, Health Net of California, Kaiser Foundation Health Plan, Inc., Aetna Better Health of California, and United Health Care to implement the IGT agreements covering the period of July 1, 2019 through December 31, 2020 and disburse approximately $56.7 million of increased Medi-Cal reimbursement to the Health and Human Services Agency to support health services for Medi-Cal beneficiaries and other underserved populations, net of a two to five percent (2-5%) administrative fee calculated on the gross IGT amount retained by the Health Plans.

FISCAL IMPACT

Funds for this request are included in the Fiscal Year (FY) 2020-22 CAO Recommended Operational Plan in the Health and Human Services Agency. If approved, this request is expected to result in costs of approximately $23.2 million for the eighteen-month IGT period covering July 1, 2019 to December 31, 2020. Of this amount, approximately $19.3 million would fund the Intergovernmental Transfer and $3.9 million would cover the State Assessment Fee. The State is
anticipated to distribute the wiring of funds between FY 2020-21 and FY 2021-22. Of the $23.2 million, costs of $15.4 million are expected for FY 2020-21 and costs of $7.8 million are expected for FY 2021-22. In return, the County of San Diego would receive $56.7 million in revenue from the Health Plans, resulting in a net increase of $33.5 million in new funds received over the two fiscal years. The funding sources for the Intergovernmental Transfer and State Assessment Fee are local funds, including Realignment. There will be no change in net General fund costs and no additional staff years.

7. SUBJECT: APPROVE REVISIONS TO THE COMMUNITY ACTION BOARD BY-LAWS (DISTRICTS: ALL)

OVERVIEW
The County of San Diego’s (County) Community Action Partnership (CAP) is the region’s designated Community Action Agency. Community Action Agencies administer federal Community Service Block Grant funds used for programs that address local conditions of poverty. The Community Action Board serves as the advisory body for programs operated under CAP.

The San Diego County Board of Supervisors (Board) directly appoints the public sector representatives for the Community Action Board and confirms appointments for representatives of the economically disadvantaged and private sectors and approves the Community Action Board’s by-laws. Proposed changes to the by-laws would change the number of required annual meetings and adjust the excessive absence requirements accordingly. Today’s action would approve proposed revisions to the Community Action Board by-laws and help advance the County’s Live Well San Diego vision by supporting the Community Action Board and its ability to meet and advise on programs that impact the health, safety, and well-being of low-income communities.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
Approve revisions to the Community Action Board by-laws.

FISCAL IMPACT
There is no fiscal impact associated with today’s action. There will be no change in net General Fund costs and no additional staff years.

8. SUBJECT: NOTICED PUBLIC HEARING: REISSUANCE OF REVENUE OBLIGATIONS BY THE CALIFORNIA ENTERPRISE DEVELOPMENT AUTHORITY FOR THE BENEFIT OF HORIZON CHRISTIAN FELLOWSHIP RANCHO SANTA FE IN AN AGGREGATE AMOUNT NOT TO EXCEED $11,700,000 (DISTRICT: 5)

OVERVIEW
The County has received a request from the California Enterprise Development Authority ("CEDA" or "Authority") to conduct a public hearing as required by the Internal Revenue Code and to approve the Authority’s reissuance of one or more series of revenue obligations in an aggregate principal amount not to exceed $11,700,000 (the “Bonds”), for the benefit of Horizon Christian Fellowship Rancho Santa Fe, a California nonprofit religious corporation ("Borrower"), and an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986. The Borrower has applied for the financial assistance of the Authority to finance, refinance or reimburse the Borrower for the cost of the acquisition, construction, renovation, equipping and furnishing of educational facilities for Horizon Prep, a co-ed, non-denominational college preparatory day school located at 6233 El Apajo Road, Rancho Santa Fe, California 92067, including, but not limited to, new classrooms, a gymnasium, locker rooms, ancillary facilities and general development related thereto, and paying certain costs of issuance in connection with the financing and refinancing and other related costs.

The Authority is authorized to assist in financing of nonprofit public benefit organizations or for-profit corporations with a public benefit project wishing to issue or reissue revenue obligations, including the Borrower. In order to initiate such a financing, the Borrower is asking the County of San Diego, a member jurisdiction in which the project resides to: (1) conduct a public hearing to satisfy the public approval requirement of Section 147(f) of the Internal Revenue Code; and (2) approve the Authority’s reissuance of the Bonds. Although the Authority will be the issuer of the Bonds for the Borrower, the financing cannot proceed without the approval of an applicable legislative body.

Today’s recommendations will provide the Authority with the required authorization to pursue its determination to reissue the Bonds on behalf of the Borrower for the Project.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Pursuant to Section 147(f) of the Internal Revenue Code, hold a public hearing regarding the financing of the Project.

2. Adopt a Resolution entitled:
RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN DIEGO APPROVING THE REISSUANCE BY THE CALIFORNIA ENTERPRISE DEVELOPMENT AUTHORITY OF ITS TAX-EXEMPT REVENUE OBLIGATIONS FOR THE BENEFIT OF HORIZON CHRISTIAN FELLOWSHIP RANCHO SANTA FE IN AN AGGREGATE PRINCIPAL AMOUNT OF $11,700,000 FOR THE PURPOSE OF REFINANCING THE COST OF ACQUISITION, CONSTRUCTION, IMPROVEMENT, RENOVATION, EQUIPPING AND FURNISHING OF CERTAIN EDUCATIONAL FACILITIES, PROVIDING THE TERMS AND CONDITIONS FOR SUCH OBLIGATIONS AND OTHER MATTERS RELATING THERETO.
FISCAL IMPACT
If approved, the proposal will result in approximately $1,030 of unanticipated revenue to be used to reimburse the County for costs associated with this non-County financing.

The Borrower will be responsible for the payment of all present and future costs in connection with reissuance of the financing. The County will incur no obligation of indebtedness as a result of these actions.

OVERVIEW
The County has received a request from the California Enterprise Development Authority (“CEDA” or “Authority”) to conduct a public hearing as required by the Internal Revenue Code and to approve the Authority’s issuance of one or more series of revenue obligations in an aggregate principal amount not to exceed $110,000,000 (the “Bonds”), for the benefit of Casa de las Campanas, Inc., a California nonprofit public benefit corporation (“Borrower”), and an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986. The Borrower has applied for the financial assistance of the Authority to finance and refinance the cost of acquisition, construction, development, improvement, furnishing and equipping of the Borrower’s continuing care retirement community located on an approximately 23 acre parcel of land at 18655, 18685, 18695 and 18755 West Bernardo Drive, San Diego, California 92127 (collectively, “Project”).

The Authority is authorized to assist in financing of nonprofit public benefit organizations or for-profit corporations with a public benefit project wishing to issue revenue obligations, including the Borrower. In order to initiate such a financing, the Borrower is asking the County of San Diego, a member jurisdiction in which the project resides to: (1) conduct a public hearing to satisfy the public approval requirement of Section 147(f) of the Internal Revenue Code; and (2) approve the Authority’s issuance of the Bonds. Although the Authority will be the issuer of the Bonds for the Borrower, the financing cannot proceed without the approval of an applicable legislative body.

Today’s recommendations will provide the Authority with the required authorization to pursue its determination to issue the Bonds on behalf of the Borrower for the Project.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER

21. **SUBJECT:** SUPPORTING YOUTH ENGAGEMENT IN SERVICE IN SAN DIEGO COUNTY (DISTRICTS: ALL)

**OVERVIEW**

“Nothing about us, without us.” This phrase is used to convey the idea that no policy or decision that affects a population is made without the direct input of that population. Leading youth organizations have adopted this phrase to advocate for authentic and meaningful youth engagement in government structures.

The National Research Council, Institute of Medicine, the American Public Health Association, and several other leading organizations recognize adolescence and young adulthood as pivotal, developmental periods of life, between childhood and adulthood. During these critical years, a young person begins to make personal and professional decisions that impact them into adulthood. With effective support, guidance and empathy, youth will develop into healthy adult leaders that help transform our communities.

At my State of the County Address in February 2020, I proposed the Youth Engagement in Service (YES) initiative with the goal of preparing the next generation of leaders for civic engagement in San Diego County. This initiative embraces a Positive Youth Development (PYD) model with the premise that youth possess strengths, expertise, and lived experience that provides invaluable insight for the development of services and programs designed to enhance their quality of life and maximize their potential. The core principles of PYD include supporting and advancing youth voice in decisions affecting them, instituting youth-adult partnerships, and providing opportunities that help youth mature into healthy adults. Promising practices suggest that public agencies that embrace young people as subject matter experts on the issues affecting them may provide better services and targeted plans for youth, families, and the community.

By aligning with the County’s vision of Live Well San Diego, and its existing structure and networks, YES can be operationalized and maximized through the creation of a new Live Well San Diego Youth Sector. This Youth Sector will deepen youth participation in civic and community engagement opportunities, enhance youth leadership and workforce readiness, and engage youth in providing input related to programs and services impacting them. To involve youth in this initiative we must assess the quality of our current youth partnerships, understand the needs of youth, design structures to meet those needs, and examine the process by which we seek input, partner, and develop programs and services that impact youth. Today’s action requests the establishment of a Live Well San Diego Youth Sector and the creation of a plan that outlines opportunities for meaningful youth engagement in the County of San Diego.

**RECOMMENDATION(S)**

**CHAIRMAN GREG COX**

1. Direct the Chief Administrative Officer to return to the Board of Supervisors within 90 days with a proposal for the development of a Live Well San Diego Youth Sector, which will provide oversight and direction for youth engagement efforts.
2. Direct the CAO to explore specific components of the Youth Sector, in partnership with local youth-led and youth-serving organizations, and make recommendations on the feasibility of implementation, including these potential elements:
   a. The identification of funds, and referral to budget, the creation of two or more part-time Youth Advisors, who provide support to the strategy and design of the Youth Sector and subsequent engagement plans.

   b. The addition of youth delegate positions to various County Boards and Commissions, as appropriate and in consultation with the appointed chairpersons of those Board and Commissions. These boards and commissions may include but not be limited to the Health Services Advisory Board, the Behavioral Health Advisory Board, the Social Services Advisory Board, Community Action Partnership Administering Board, the San Diego Regional Human Trafficking & Commercial Sexual Exploitation of Children (CSEC) Advisory Council, the Commission on the Status of Women and Girls. 22. **SUBJECT:** EXPLORING AN EFFECTIVE RESTORATIVE HEALTH MODEL FOR SAN DIEGO COUNTY DETENTION FACILITIES (DISTRICTS: ALL)

**OVERVIEW**

In the Board of Supervisors Agenda for August 4, 2020, Item 1, “Sheriff’s Department Request to Issue a Competitive Solicitation for Medical and Mental Health Care Services,” the Sheriff is asking this Board to authorize definitive steps towards privatization of healthcare in our jails. The current hybrid model of care in San Diego County detention facilities combines County workers (including nurses, mental health clinicians, and social workers) with contracted
providers (including doctors, psychiatrists, and dentists). Outsourcing all medical services to an outside contractor has the potential to worsen the existing system of care, threaten County jobs, and further exacerbate bad outcomes for incarcerated individuals.

The current system of care is not working in San Diego County detention facilities. A 2018 report by Disability Rights California found the San Diego County jail suicide rate was five times higher than that of the state prison system and a six-month investigation by the San Diego Union-Tribune in 2019 determined that the County’s jail mortality rate is the highest among California’s largest county jail systems. Health outcomes are poor for incarcerated individuals, morale is low among staff, and sworn officers are forced into a position to oversee medical decisions. Privatizing care in these facilities would further detach healthcare delivery in our correctional facilities from existing County programs and services available upon release from custody, and jeopardize the jobs of County employees who have continued to work in a higher-risk environment during the COVID-19 pandemic.

Other counties in California and throughout the United States that have chosen to fully contract out medical services in jails have faced numerous lawsuits due to inadequate care and the inability of the counties to properly oversee medical care. In one investigation on the impact of outsourcing, the Sacramento Bee reported that California jails contracting with one of the largest contractors in the state had a rate of suicides and drug overdoses nearly 50 percent higher than those of other county jails in the state. We already have a serious problem in our detention facilities, this move would make it worse.

Instead of the Sheriff’s proposal, I am recommending the Board of Supervisors directs the Chief Administrative Officer (CAO) to evaluate the feasibility of the Health and Human Services Agency (HHSA) to administer medical and behavioral health services in San Diego County detention facilities in order to achieve a coordinated restorative health model of care. This could be a more integrated system connected to existing County and community services and programs, including care coordination and data systems to improve outcomes. Additionally, I recommend halting all actions related to outsourcing jail medical services until this Board receives an evaluation from the CAO analyzing an HHSA led model that can fully inform our decision on whether to move forward on full outsourcing of medical and behavioral health services.

**RECOMMENDATION(S)**

**SUPERVISOR NATHAN FLETCHER**

1. Direct the Chief Administrative Officer (CAO) to evaluate the feasibility of the Health and Human Services Agency (HHSA) to administer medical services in the jails, including assessing how integrating care coordination, data systems, health and behavioral health services of County Specialty Mental Health, Drug Medi-Cal and County Psychiatric Hospital and public health services, and leveraging expertise and knowledge of HHSA administrators and staff could improve health and behavioral health outcomes, reduce suicide and death while incarcerated, and recidivism.

2. Direct the CAO to discontinue any actions related to outsourcing medical services in San Diego County detention facilities until the Board receives a report from the CAO analyzing an HHSA led model, thereby informing the process before taking action on any related requests.

3. Return to the Board with the evaluation in 180 days.

23. SUBJECT: LIVING WELL DURING THE COVID-19 PANDEMIC
   (DISTRICTS: ALL)

OVERVIEW
The County of San Diego is celebrating its tenth year of the regional vision called Live Well San Diego. The vision aligns the efforts of County government, community partners and individuals to help all San Diego County residents be healthy, safe and thriving. One of the main tenants of Live Well San Diego is “Building Better Health” which focuses on improving the health of residents and supporting healthy choices.

The Building Better Health initiative was in-part derived from a program called 3-4-50 which focuses on the three behaviors (poor diet, physical inactivity, and tobacco use) which contribute to four chronic diseases (cancer, heart disease and stroke, type 2 diabetes, and pulmonary diseases such as asthma) that cause over 50 percent of all deaths worldwide.

According to the Centers for Disease Control and Prevention (CDC) people of any age with certain underlying medical conditions are at increased risk for severe illness from COVID-19. The four chronic diseases that are identified in the 3-4-50 program are also major contributors to the increased risk of severe illness resulting from COVID-19.

Today’s action will direct the Chief Administrative Officer to expand the Live Well San Diego regional vision to include programs and strategic approaches focused on reducing the behaviors and risk factors associated with increased risk of severe illness resulting from COVID-19.

RECOMMENDATION(S)
VICE-CHAIRMAN JIM DESMOND
Direct the Chief Administrative Officer, in consideration of the COVID-19 pandemic, to identify opportunities to expand programs, services, and strategic approaches in the Live Well San Diego regional vision.

Opportunities should identify resources and solutions to address the preventative underlying medical conditions that lead to an increased risk of severe illness resulting from COVID-19.

Report back to the Board within 60 days.
