Alzheimer's San Diego is proud to support the blue envelope program which has the power to make a significant difference in the lives of our most vulnerable community members. We know from experience with individuals with dementia that those with impairments may be capable of operating a vehicle, but may struggle with the interactions with a police officer. This program has significant potential to support those with cognitive impairments and promote the safety of law-enforcement interactions.

Good idea. But stop with terms of inclusivity and equity. These terms insult this community, by accusing the people to be bigots, racists and other labels. Members [specifically 2] on this board must recognize the good in this community and its humanity; especially law enforcement. Members (specifically 2] who voice the loudest

rhetorical insults are themselves the guilty parties. Move forward with this action because it is the right thing to do. Clear and simple.
